## Employee Spotlight

### Zach Hopper

Zach grew up in Overland and if you're from St. Louis you'll want to know he went to Ritenour High School. After several years of study at the University of Missouri, St. Louis, focusing on Graphic Communications, Zach became interested in the medical field and finished his prerequisites. While in school he also worked 13 years in the bar and restaurant business. He decided in March to join the Meglio team where he handles lamp and ballast crosses, credits, returns, quotes and special pricing while also sharing responsibility for order entry. Zach likes to stay social and active and in normal times is on a bowling team, plays dish (frisbee) golf, and enjoys hiking, back packing and camping.

Tell us about a Meglio employee that went above and beyond & be entered to win one of five \$25 Visa Giftcards.
